British Journal of Educational Technology

INDEX

Volume 25: January–September 1994

This index is a combined list of authors (shown in **bold**), titles (shown in *italic*) and subjects of all articles and Colloquium contributions contained in Volume 25. Interspersed with these are the first-named authors/editors (**bold**), titles (*italic*) and main subjects of books reviewed (excluding those listed as 'Also received').

Entries cite page numbers only: the pagination of each issue was as follows:

Number 1 (January)	1–80
Number 2 (May)	81–160
Number 3 (September)	161–240

Abdullah, Wan Salihin Wong 29–40
advance organisers 178–179, 199, 207
AERA 95
ageing, effects on learning and memory 172
Al-Sharhan, Jamal 84–90
anchored instruction 5–8
artificial intelligence 30
Assessing individual contributions: experience of peer evaluation in major group projects 19–28
assessment 19–28, 72
  see also evaluation
Assessment and Testing – a Survey of Research (review) 237–238
Assessment Issues in Higher Education (review) 72
assignments, word processing of 225–227
Atkins, M J (review) 72
attitudes to computers 61–63
auding, versus reading 191–194
audiocassettes 45–53
audiographics/audiovision 45–46, 52, 235
audiovisual aids, in Saudi Arabia 84–90
autonomous schools 239

bar-codes, used to control videodisc 4, 6, 9–11, 13–15
Barrett, Edward (review) 239
Bergen, Ceris 58–60
Bransford group 5
broadcasting 45–48
Brown, Sally (review) 66–67
Burge, Elizabeth (review) 156
Burgess, Thomas 113–124
Burnard, Philip (review) 65–66
Bush, Tony (review) 239
business games 113–124

calculators
  graphic, as personal resources 147–148
  in maths education 99
Case Studies on Teaching in Higher Education (review) 155–156
category system, for classroom events 6, 7, 12–14
CD-I 125–134
CD-ROM 54, 164–169
CDTV 125–134
classroom events, library of 4
classroom
  negotiation 239
  observation 66–67
  strategies 239
Classrooms with a Difference (review) 156
cognitive processes 4–18, 36
  see also learning processes
Colloquium
  colour coding and test type for students with different field dependence levels 217–219
  computers and interviewing young people 228–230
  computers at home and at school: parents' views 231–232
  framework for analysing the contribution of educational technology 58–60
  graphic calculator as a personal resource 147–148
  higher education, assignments in word processed form 225–227
  knowledge-based system for triathlon coaching 222–224
  Logo and primary pupils' attitudes to computers 61–63
  Who's testing what for whom? 220–221
colour coding, and field dependence 217–219

compact disc formats
CD-I 125–134
CD-ROM 54, 164–169
CDTV 125–134
comparison of media 41–57
comprehension rates, reading versus listening 190–193
computer assisted learning 99, 109
computer based training 109
computer languages 116, 120, 236–237
computer literacy 225, 232
computer networks eg Internet, Janet 92
computer operating systems 111–112
computer screens, limitations of 108–112
computer software (applications) 54, 114–115, 164–171
computers
as a learning medium 53
language and 235–236
laptop 39
parents' attitudes to 231–232
resources for student use of 226
used to present spoken and printed text 190, 192, 195–197
values built into software 164–171
windowing 110
Computers and Language (review) 235–236
Computers in mathematics education: a revolution in the making? 98–107
concept maps 198–216
conferencing 156, 235
constant sum, technique for peer assessment 22
constructivism 136–138
Cunningham, Lynne (review) 149

Das R C (review) 233
Day, Mick 4–18
D'Cruz J V (review) 73–74
Designing instructional text for older readers: a literature review 172–188
diagrams 182–183
Differentiation (review) 239
Diploma in Management Studies 19–28
distance education 64–65, 69–70, 150–151, 153–154, 198–216
Distance Education for Teacher Training (review) 69–70
Dickinson, Chris (review) 239
